

ABOUT US

Cross Cabinets is a custom cabinet shop. We specialize in new home cabinetry and cabinetry for remodeling projects of all sizes. We have been manufacturing quality cabinets for the Chattanooga community for 21 years at the same location in Soddy Daisy, Tennessee. We have made many additions to our facility and the manufacturing technology over the years to offer the best in cabinetry. We strive to serve our customers and our builders with a beautifully crafted product that is delivered and installed as expected and when expected.

We have an updated showroom with many kitchen and bath displays and door and hardware samples. We have unique storage and design solutions to solve all your space issues featured throughout the showroom. We can offer many countertop options including granite, solid surface, quartz and laminate tops. A new feature in granite is a anti-bacterial finish that lasts a lifetime.

Cross Cabinets has added a semi-custom line of cabinets from Wellborn Cabinet Inc. This line of cabinets has 1483 choices for doors and finishes with quick delivery in several price options. This is unprecedented in the cabinetry business. Along with our in-house installation team, Cross Cabinets can service any cabinetry need for any price point with these options. RE-VAMP YOUR KITCHEN

The most important room in homes today is the kitchen. Families today spend a lot of time cooking and socializing together in the kitchen. Many families accumulate small appliances and kitchen gadgets to make cooking easier, but seem to run out of places to store such things.

Tip-Out Tray

The opportunities are infinite for kitchen organization. Hard to reach corner cabinets are easy to reach again with modern style Lazy Susans. We can install tip-out trays at your sink to hide unsightly sponges, and towel racks can be fastened to under sink cabinet doors for convenience. Deep drawers or slide-out shelves are perfect for storing pots and pans. Our team is able to install plate racks, pull-out pantries, and appliance lifts or garages.

We can organize your kitchen drawers with countless rolling tray systems, spice pull-outs, bread drawers, cutlery blocks, and pull-out cutting boards. Another great feature we can add to pull-outs and drawers are self-closing slides.

Slide-Out Shelves

FRESHEN UP YOUR BATHROOM

Bathrooms tend to be one of the easiest rooms to accumulate clutter.

We can help keep you organized by hiding your garbage with a pull-out waste container, keep your dirty clothes off the floor with a pull-out hamper, even organize your make-up with a cosmetic organizer.

Pull-Out Laundry Hamper

From slide out shelving to pull-out ironing boards the possibilities are endless.

DE-CLUTTER THE CLOSET

If you've ever had a hard time finding something to wear we can help. It's not that you don't have anything ... they are just not easily accessible. You can easily find what you are looking for with pull-out baskets, pant and tie racks, jewelry drawers, and shoe organizers.

Pull-Out Wire Baskets

Keep in mind we can install pull-down ironing boards to your dressing suite and numerous styles of clothes racks.

ORGANIZE THE OFFICE

If any room needs to be organized it's this one. Let us build your custom shelves or pull-outs to store computers and keyboards. From custom built filing to

roll-out media storage we can get your new year off to an organized start.

File Drawer

Computer Shelf
