CROSS CABINETS: CUSTOM LINE OF CABINETS

Cross Cabinets continues to supply beautiful custom cabinets, designed and built in Soddy Daisy, TN.

We offer a number of door styles and finish options, creating a variety of distinct looks to make dream kitchens become reality.

Various countertops, such as, granite, quartz, solid surface, and exotic woods contrast beautifully with our cabinets .

If you are interested in going green, we can help. At your request we can obtain paperwork to have your lumber certified by the Forest Stewardship Council. We can also specify water-based adhesives, sealers, and lacquers to be used on your cabinets. Finally, we can set you up with natural stone or recycled countertops.

FOUR NEW SHOWROOM DISPLAYS AT HOME OFFICE

Cross Cabinets has added four new displays to the showroom. These displays reflect current trends, new hardware and innovative storage solutions.

1. Cross' custom Knotty Alder display shows the new trend of the "rustic" feel in a log home or a home using beams and stacked stone. Come see our specialty glass display, plate rack, easy close doors, specialty corner pullouts and oil rubbed bronze hardware with beautiful granite tops.
2. Cross' custom Maple cabinetry has a light coffee stain with a chocolate glaze. A complimentary hood has a painted black distressed finish. Four versions of drawer slides are displayed here, from standard to "easy close". Gold granite tops show the unique patterns available in granite today.
3. Cross' custom Cherry display shows off shaker style doors that are becoming so popular. This is a working display equipped with a corner appliance garage, special pull-outs, a Cambria quartz top, and specialty lighting.
4. Cross' painted display is black with a distressed finish. It is a corner hall closet and bookcase. It features a bench seat with pull-out drawers and cubbies. It also shows off specialty glass and lighting features.

WHERE DO YOU START WITH YOUR NEW PROJECT?

This may seem overwhelming to some but, this is our business and we are here to make it as easy as possible!

1. **Dream** — clip pictures of spaces that you like with all your storage wants and needs addressed.
2. **Call** — set up an appointment with our design team and bring some rough measurements of your space.
3. **Estimate** — we can give you a close estimate based on your space and priorities. We can help you stay within your budget while getting what you want.
4. **Measure** — we can come to your home and measure your space, offer more design ideas and help with color, stain, floor and top choices.
5. **Draw** — we will draw the space with your help on our CAD program putting your cabinets and storage needs on a 3-D image for a clearer understanding.
6. **Relax** — let us help you with any needed contractors to make your remodel as simple and as cost effective as possible. The process can take as little 2-4 weeks with proper planning.

WHAT MAKES CROSS CABINETS DIFFERENT FROM ALL THE OTHERS?

Cross Cabinets is built on customer loyalty and trust in our product. Over 90% of our business is repeat business from satisfied customers who tell their friends, builders, and remodelers. When we commit to delivering a quality product, and a time-line that is necessary for the project to be executed — we stand by our commitment.

We guarantee our product for one year—we will replace any broken hinge, door, drawer slide, or any other issue that may arise. After one year, we will fix most items for a small charge. Our service is second to none.

References are available on request.

Cross Cabinets is also one of the few cabinet shops that makes an all wood cabinet. When you open our cabinet doors, the inside is stained the same color as the doors. We use European hidden hinges and quality slides and hardware as standards for all of our cabinetry.

*“Please let me repeat, the cabinets are gorgeous! We love them!”
